Hope in the Harvest Missions Int.

February Liberia Update

HOPE

Hope is found when it is 96 degrees, the well has run dry, the water buckets are empty, there is no breeze blowing, the current has gone so there is no fan to make a breeze, the doors are locked, the refractor is not working properly, and a team pulls together for successful outcomes every time.

1

HARVEST

The team was a part of the harvest and they were planting for the next harvest. This team worked. They did three big eye clinics, they ran computer cable, they installed fixtures, they discipled, they taught, they prayed, and they were your blessing extension. Thank you!

2

PRAISES & PRAYER

Luggage filled the ARC. The prayer of safe traveled was answered.

3

What A Welcome

“And how can anyone preach unless they are sent? As it is written: “How beautiful are the feet of those who bring good news!””

The visiting team of 16 beautiful feet arrived in Ganta and were greeted by dancing ladies and joyous singing. The picture above is filled with happiness, look at all the hugging taking place.

This team of 8+3 came from central Illinois, north Illinois, and central Indiana; featured some where in this newsletter is Dan Lutes, Kelly Kurth, Gary Adams, Russ and Ruth Schwartz, Brian Fulk, Rich Johnston, Candi Lorenzo, Chris Scott, Travis Flemming and Karney Dunah.

PRAISES & PRAYERS

Praises for the arrival, the health and safety of the 11 short-term mission team visitors. Along with the 11 guests Shonnie Wellspring is staying in the ARC as she settles into her role with LICC as a “Missionary Professor”.

Praises for the gift of the eye clinics that were held with over 200 people being seen and many prescription glasses and reading glasses were fitted.

Praises for the ARC and demonstration farm were in good shape when the Sheets returned, with a healthy team, healthy animals, and healthy fields.

Pray for the HITHMI and the LICC as transitions of new people, and new jobs begin to take place. Pray for discernment of the LICC Leaders and HITHMI Board to accept the right people to be in the right places, pray for a smooth transition.

Pray for the campus of the LICC as another Spiritual Warfare Conference is in the planning stages. Pray that the desires of those who are against our Father would be brought to light now and that hearts are being prepared for transformation in Jesus Christ.

Pray that God will bring to be elected in Liberia a God fearing President. Who will appoint to the government positions God fearing people who manage their offices with truth, transparency, and moral conviction. The National election is set for October.

Pray for the Mission work to continue.

Your donation can be made on line at the Mission website:

A PLACE WHERE WE GROW

Take a good look at the picture up above and the young man winking at the camera, it just makes you smile. Your Agriculture Research Center (ARC) is giving tours daily to school children, Pastors, farmers, government officials, and foreign visitors.

From February to June the ARC is hosting mission teams almost weekly.

Thank you for providing a place where we all can grow in Jesus.

Top left: The trip to the Bahn Mission Station was two hours along bumpy dusty roads. Upon arriving at the Church the team found over 100 people patiently waiting for the eye clinic to start. The team felt a big heartache as many blind people came to seek treatment. The team would take time and prayer over the individuals. Here Pastor Konah (in the yellow shirt) explains that glasses will not correct their vision and offers prayer for them.

The purpose of Hope in the Harvest Missions is to seek to cultivate Christ's hope in underdeveloped and impoverished areas of the world through agricultural and personal transformation. Building on borrowed talent, we seek to impact attitudes and practices that will promote the economic and social well being of individuals, from a conviction that a changed life results from a Christ-changed heart.
